

President's Remarks

November 5, 2018
Berlin

About AAHCI

- Advances health and science by enhancing the effectiveness of academic health centers
- AAHCI Steering Committee
- AAHCI Regional Offices
 - Europe → Maastricht University
 - Southeast Asia → Universitas Indonesia
 - Middle East and North Africa → American University of Beirut
 - Latin America and the Caribbean → University of Sao Paulo

AAHCI Services

- Networking and personal connections to leaders
- Meetings, conferences, online programs
- Publications and resources
- Advocacy

Selected programs:

- Aligned Institutional Mission (AIM) Program – assists members in developing and implementing institution-specific strategic goals for the alignment of education, patient care and research
- Regional Offices bring together academic health centers and systems within their region and provide valuable insight on the key issues and challenges they face
- Executive Leadership Groups (ELGs) and Working Groups bring together individuals in specific roles to collaborate, share expertise and experiences to address issues of concern with their peers

Unlocking AAHC/I's Potential

- AAHC/I President's Council
- AAHC/I Professional Development Program
- AAHC/I Electronic Textbook
- AAHC/I Datasets

Unlocking AAHC/I's Potential

- **AAHC/I President's Council**

- three councils
- selects one or two key priorities per year for each Council
- meets in person one or two times per year
 - once at an AAHC/I meeting (e.g., GIF or Annual Meeting)
 - once in a convenient city (perhaps at a regional meeting)
- meets two or three times virtually (via video/audio conferencing)
- output may include
 - white paper
 - article published in peer-reviewed journal
 - op-ed published in major newspaper
 - template for editorials in local newspapers
 - formal public release of an AAHC/I Consensus Statement

Unlocking AAHC/I's Potential

- **AAHC/I Professional Development Program**
 - Prepare the next generation of leaders in academic health
 - Support succession planning at AHCs
 - Develop a more educated academic health citizenry
 - Support AHC preparation for emergencies (floods, earthquakes, cybersecurity breaches, etc.)

Unlocking AAHC/I's Potential

- **AAHC/I Professional Development Program**
 - Global Issues Forum 2019 – Pre-Conference Workshop on 5 May 2019

AAHC/I Professional Development
Workshop

Crisis Management

3:30 PM – 4:30 PM	Case Study: Small group reports and Discussion
4:30 PM – 5:00 PM	Wisdom from CEOs who recently managed crises: What should you <u>not</u> do? What do you wish you would have known?
5:00 PM	Reception

Unlocking AAHC/I's Potential

- **Academic Health: Principles and Practice**

- a refereed, edited e-Textbook
- could subsume current gray-literature products
 - Leadership Perspectives
 - Case studies
 - others
- records the history of academic health
- chapters on major figures in academic health
- appendices
 - collection of institutional strategic plans
 - collection of affiliation agreements

- Grow “Colleague-to-Colleague Inquiry” tool for confidential threads

Unlocking AAHC/I's Potential

- **AAHC/I Datasets**
 - Collect and curate relevant datasets that add value to AHCs
